**ITALBA**, located in the vibrant heart of Abu Dhabi, UAE, is a renowned consortium of workshops specializing in the design and fabrication of bespoke joinery, aluminum, stainless steel, and EPS installations. Our services cater to a wide array of needs, ranging from custom-made furniture for luxurious residential properties to functional and aesthetic solutions for dynamic commercial spaces.

**In ITALBA**, we are committed to blending artistry with functionality, offering our clients unique designs that are both aesthetically pleasing and enduring. Each piece is meticulously crafted using the latest technological advancements and the finest materials to ensure superior quality and durability.

We understand that each client has unique needs and preferences, which is why we offer fully customized services. Whether you are looking for sleek and modern aluminum frames, robust stainless steel structures, intricate wooden joineries, or lightweight EPS installations, **ITALBA** is equipped to meet your demands with unmatched precision and excellence.

By choosing **ITALBA**, you are not just getting a service provider but a creative partner who values quality and customer satisfaction above all else. Let us help you create spaces that are not only functional but also beautifully crafted to stand the test of time.

*In ITALBA, we don't just build  
furniture We craft legacies.  
Experience design and  
durability handcrafted for  
your space.*

ITALBA is a proud subsidiary of Euro Alba Holding, benefiting from the strategic guidance and operational support of its parent company. This relationship allows ITALBA to leverage Euro Alba's extensive resources and expertise, ensuring high standards of quality and innovation.

Euro Alba's commitment to fostering strong partnerships and driving growth is reflected in ITALBA's success in the bespoke joinery, aluminum, stainless steel, and EPS installation sectors. Through this collaboration, ITALBA continues to thrive, contributing to the overall strength and diversity of Euro Alba's business portfolio.

---

Wooden cladding

Consoles

Tables

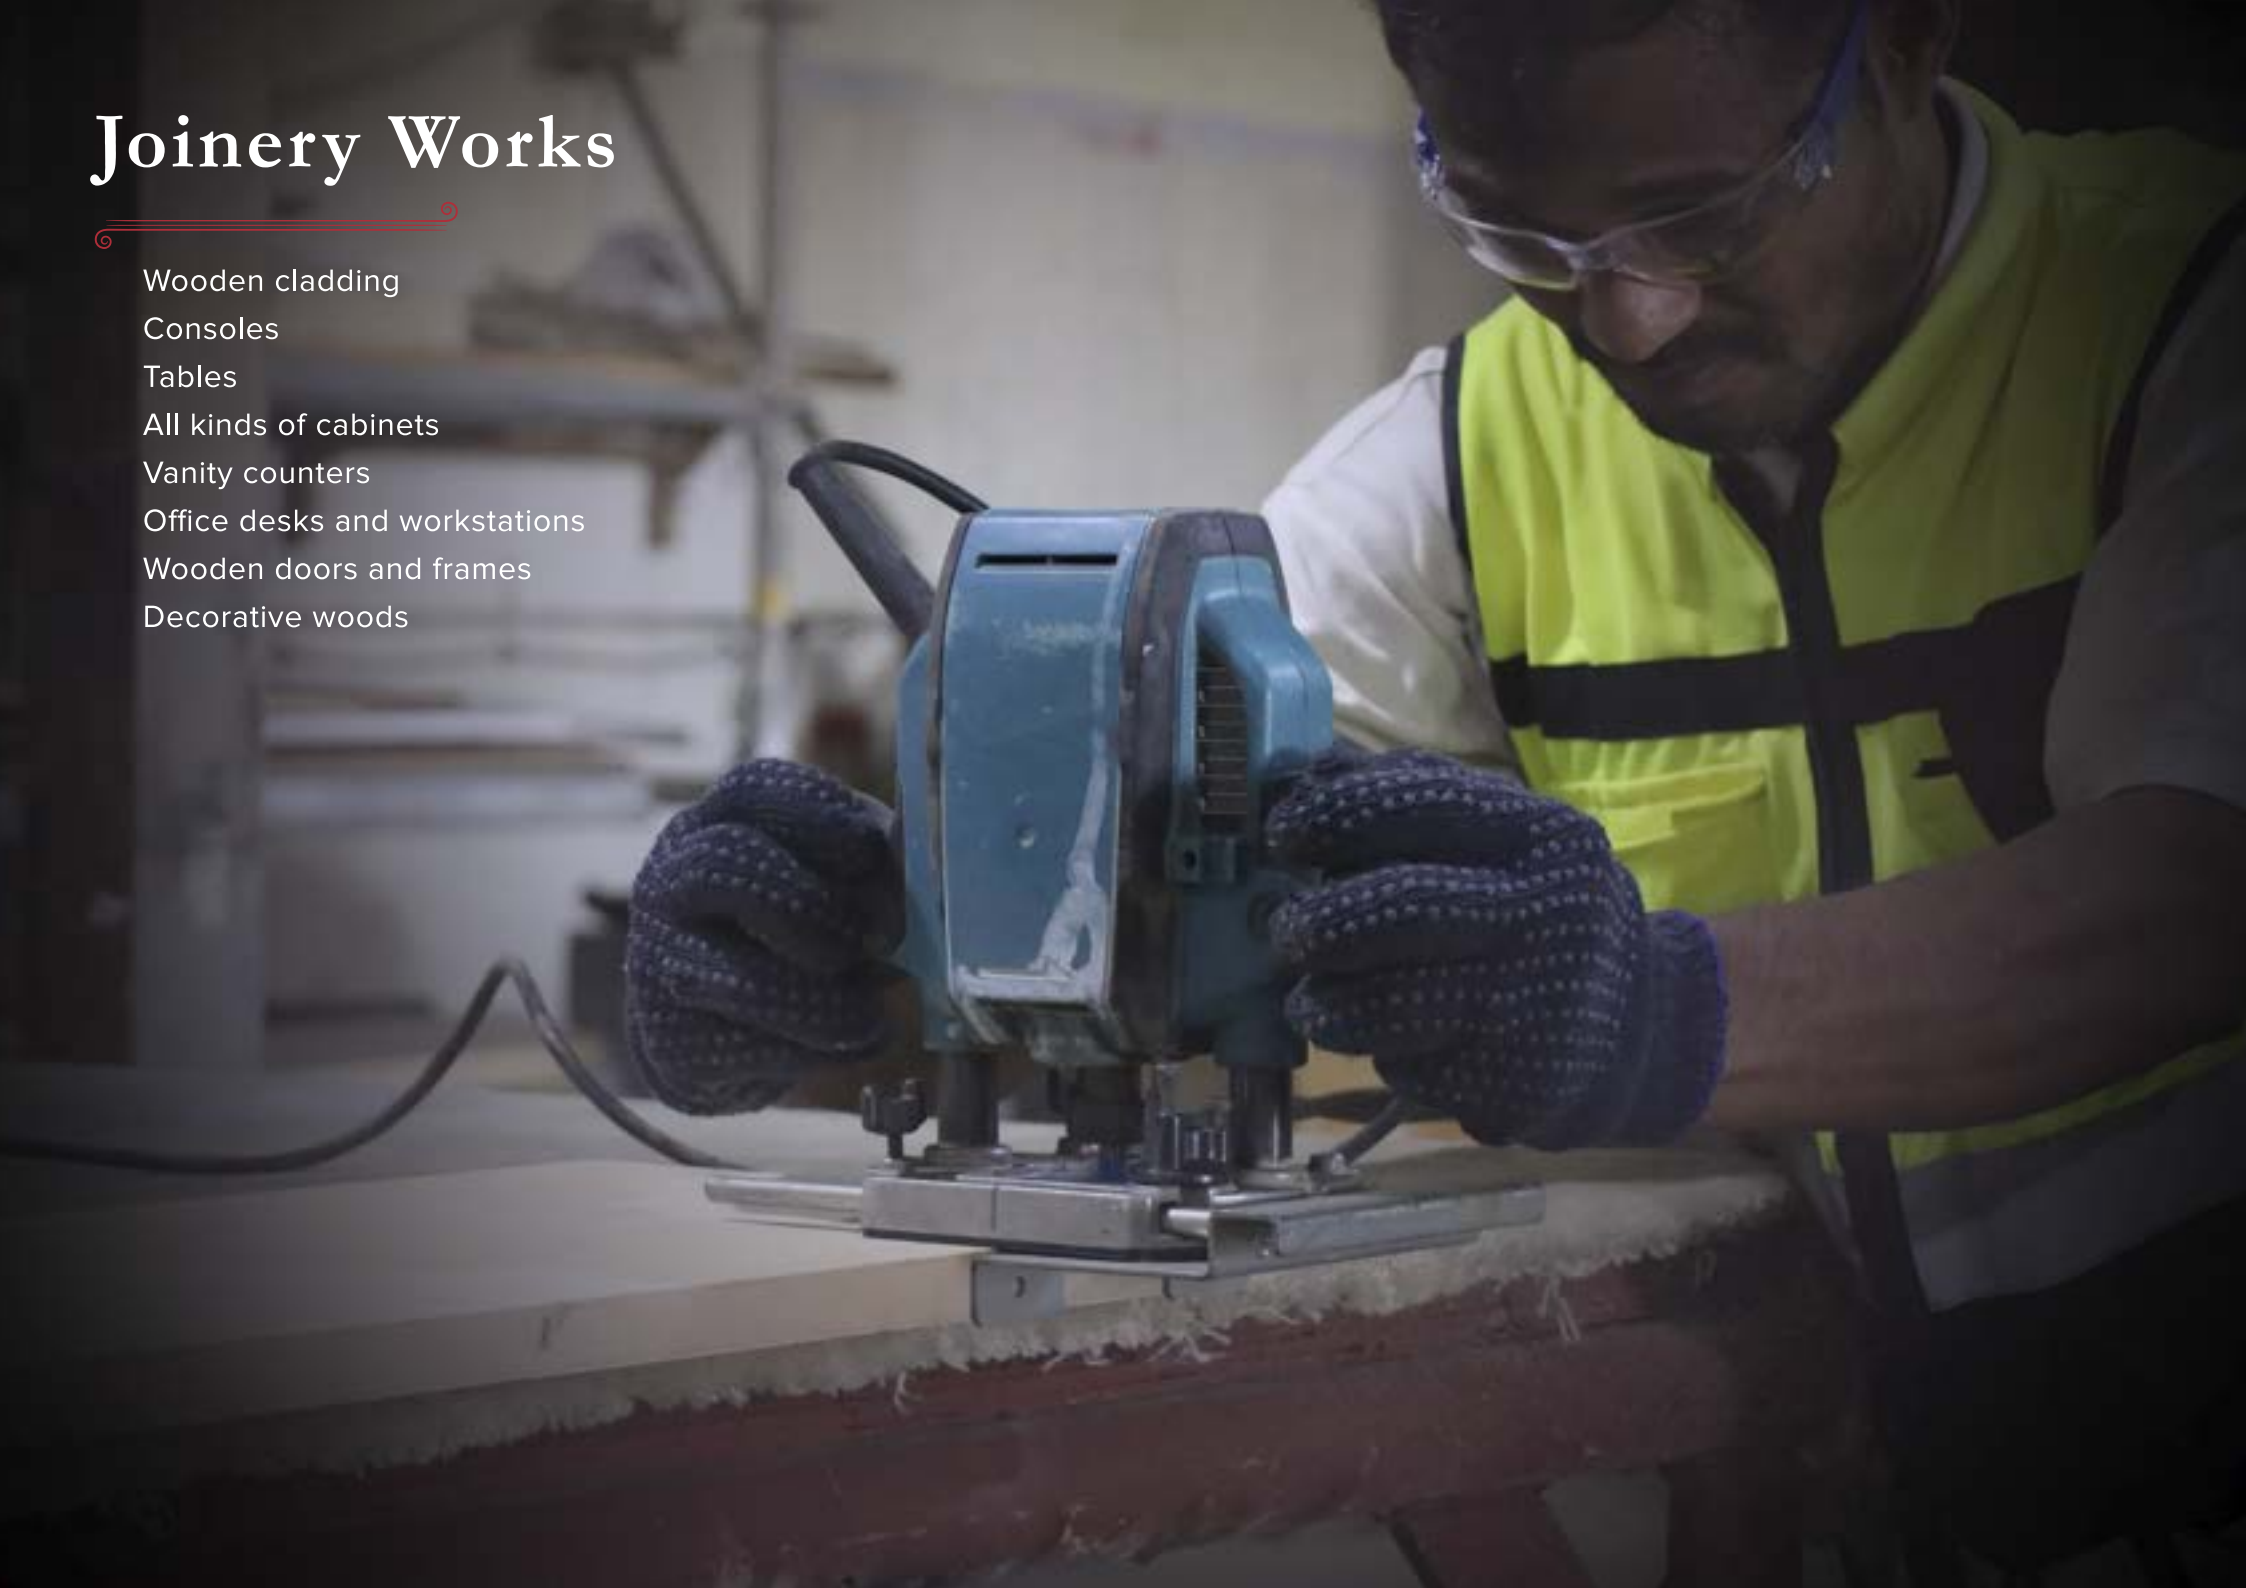

All kinds of cabinets

Vanity counters

Office desks and workstations

Wooden doors and frames

Decorative woods

# Decoration Works

A close-up photograph of a person wearing a high-visibility yellow-green safety vest over a dark shirt. The person is focused on assembling a white, 3D-printed component. They are holding a small, angular piece in their right hand and fitting it into a larger, more complex white structure on a workbench. The background is a blurred industrial or workshop setting with various tools and equipment.

All kinds of CNC works (metal, wood, acrylic)

Lightweight decor (EPS, GRC, GRG, gypsum)

Artworks

Precast footing & elements

# Engineering Services & Technical Solutions

A group of four male engineers are gathered around a table in a workshop or office setting. They are all wearing high-visibility yellow safety vests and safety glasses. One engineer in the foreground is wearing a white hard hat. They are looking down at documents and blueprints spread out on the table, appearing to be in a collaborative discussion. The background shows industrial equipment and a whiteboard.

Offer material samples and submittals for construction  
Provide detailed shop and fabrication drawings
